About the A & P Foodservice Tax

All foodservice businesses are required by law to collect and remit a three percent (3%) A&P tax on gross receipts of prepared food and beverages for on or off-premises consumption. The City of North Little Rock's Ordinance 7992 details the specific definition of "prepared food" as directed by the State of Arkansas (Emergency Rule 2007-3). Most of the tax is passed through to the North Little Rock Parks & Recreation Department, with a small portion staying with the North Little Rock Advertising & Promotion Commission to promote North Little Rock as a tourism destination.
